

On Wednesday, October 18th, from 4:00-6:00 p.m. in the Commissioner's hearing room in Coupeville, the Board of Island County Commissioners will be hosting a listening session along with area professionals. Meeting access will also be available at the Camano Annex Building and via Zoom. The session is meant to bring a better understanding of the challenges being faced in the Island County permitting process.

This meeting is being facilitated by a neutral third party. **Speakers will be pre-selected from various industries** to ensure that the Board has adequate time to hear concerns and ask relevant clarifying questions. County staff will also be in attendance **in a listening capacity only**.

The goal is to reach a common understanding of the problems that need to be addressed, as well as, what in our process we want to preserve and protect.

The main question being asked is:

What are the major challenges you are experiencing with Island County's permitting process?

Please mark your calendars and plan on attending. Your direct feedback is important to helping Island County better understand the challenges you are experiencing and what we can do to improve.

If you are not selected to speak at the meeting, comment cards will be available in the back of the room, or you can email your comments before or after the meeting to:

BOCCcomment@islandcountywa.gov
