Dealer requirement information

RCW 9.41.1135(1) requires all firearm dealers within the state to use the Washington State Patrol Secure Automated Firearms E-Check (SAFE) system to conduct background checks for all firearm transfers. To facilitate the use of SAFE, each firearm dealer is required to obtain a Secure Access Washington (SAW) account and associate it with their UBI via a one-time-only online registration process.

The Law Enforcement Agency (LEA) conducting the background check for this license is required to generate a nine-character code that you will use during registration to ensure only firearm dealers with valid licenses are able to register. The LEA must provide you a personalized copy of the "SAFE Onboarding Guide", either via email or as a hard copy, for you to use in the registration process.

If you have questions regarding the SAFE registration process, please call 360-704-7840 or email firearms@wsp.wa.gov

RCW 9.41.110, Section 5(b): "A dealer shall require every employee who may sell a firearm in the course of his or her employment to undergo fingerprinting and a background check. An employee must be eligible to possess a firearm, and must not have been convicted of a crime that would make the person ineligible for a concealed pistol license, before being permitted to sell a firearm. Every employee shall comply with requirements concerning purchase applications and restrictions on delivery of pistols that are applicable to dealers."

Initial to confirm that you have read and understand this section **X**_____

Caution: Local laws and ordinances on firearms are preempted by state laws and must be consistent with state law. Although state and local laws do not differ, federal law and state law on the possession of firearms differ. If you are prohibited by federal law from possession of a firearm, you may be prosecuted in federal court. A state license is not a defense to a federal prosecution.
