Notice of Application - Optional DNS Process

Date of issuance: June 1st, 2022

Island County has received a permit application for the following project.

Date of notice of application: June 1st, 2022 **Comment due date:** July 8th, 2022

Staff Contact: *Lucas Clark* email: lucas.clark@islandcountywa.gov phone: 360-678-7807

File Number: 145/22 SHE Type II **Applicant:** Allison Martin

Location: R22915-125-2080

Proposal – Repair of an existing shoreline protection system made up of soft shore armoring techniques.

Island County has reviewed the proposed project for probable adverse environmental impacts and expects to issue a determination of non-significance (DNS). The optional DNS process established by WAC 197-11-355 is being used. The determination is based on the following findings and conclusions:

Work will take place during the approved fish work window designed to protect listed salmonids

Island County regulations under ICC 17.02B (Critical Areas), Title XI (Land Development Standards) & other applicable regulations are used to review and condition development to protect critical areas affected by this proposal. The proposal may include mitigation & the project review process may incorporate or require mitigation measures regardless of whether an EIS is required.

Public, Agency, and Tribal Comments: Agencies, tribes, and the public are encouraged to review and comment on the proposed project and its probable environmental impacts. Public comments must be received by 4:30 pm on **July 8th, 2022**; mail to Island County Planning Department PO Box 5000, Coupeville, WA 98239; deliver to 1 NE 6th St, Coupeville, WA 98239; or 121 N. East Camano Drive, Camano Island; or Fax (360) 679-7306.

To request notice of hearings, to receive a copy of the decision, or information on appeals, contact us at the above address.

The following conditions have been identified that may be used to mitigate the adverse environmental impacts of the proposal: *Mitigation occurred for the initial construction of the soft shoreline armoring. Logs and additional dune grass planting will occur as needed when the full extent of the damages are assessed during the repair.*

Required Permits: *SHE Type II*

Required Studies: *BSA, SEPA*
