Agenda

Topic	Time (minutes)
Approvals/Introductions/Partner Updates with introductions	15
Presentation from the Town of Coupeville on the Coupeville Sea Level Rise Vulnerability Assessment -Conduct a vulnerability assessment that will identify potential losses or damages from sea level rise; characterize the risk of loss; and highlight those areas of the community, resources, sectors, or assets considered most at risk from impacts of sea level rise.	20
Shoreline armoring tools and projects - Together with our partners, we are creating a user-friendly, web-based tool that identifies shoreline restoration and protection actions in Puget Sound. By integrating updated data and nearshore science, the finished web-tool will be a resource that facilitates more effectively restoring and projecting Puget Sound beach systems. https://beach-strategies-wdfw-hub.hub.arcgis.com/	20
