

3 Easy steps to becoming an

# Island County Ready Neighbor

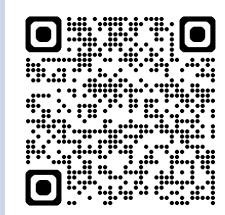

1

**Connect with a neighbor or group of neighbors who share an interest in preparedness**

Make the decision to prepare for disasters and select 1-2 representatives to connect with Island County Department of Emergency Management (DEM).

2

**Complete the online form to join the official Island County Ready Neighbors List**

Visit [www.islandcountywa.gov/1023/Island-County-Ready-Neighbors](http://www.islandcountywa.gov/1023/Island-County-Ready-Neighbors) or scan the QR code and click on "Join."

3

**Decide how you will disseminate the Ready Neighbor packets to each household**

After you fill out the form, Island County DEM will reach out to Neighbor Representatives to discuss next step options.

# Including all Neighbors

Residents can use these materials to prepare for disasters no matter what type of housing they live in. Island County Ready Neighbors is available and adaptable for everyone, whether you live in a single-family home, apartment building, townhome, or any other type of housing. Participation in this program is free, flexible, and completely led by your household's goals, interests, and schedules.

## Are you in an HOA?

You are eligible to become a WRN Ambassador! Scan the QR code or visit the link to learn more. Ambassadors help us to distribute critical emergency-related messaging.

Ambassadors support the National Weather Service's efforts to help others be informed and prepared for extreme weather events.
